

# Roadmap

Initiative							
Partnership Development	Research	Development	Infrastructure	Germplasm	Training	Technology Transfer	
Bangabandhu Chair	Research Expertise Knowledge Transfer	Theme 1: Genomics, Phenomics for plant breeding		Theme 4: Post-harvest food handling and processing		HQP Training	
OFANS Project	Wheat Biodiversity & blast resistance	Rice genetic resources	Lentil breeding	Rice-based food supplements	Low temp drying/storage	Lentil Fortification HQP Training	
Agriculture Technology Center (ATC)	Research	Development	Infrastructure	Trade	Training	Technology Transfer	
Technical Infrastructure Development	Genomics		Phenomics		Bioinformatics		
Thematic Program Development	THEME 1 Geonomics and Phenomics for Plant Improvement		THEME 2 Soil Health and Quality		THEME 3 Soil Water Regime and Adaptation	THEME 4 Post-harvest Food Handling & Processing	THEME 5 Data Management and Analytics
